'Through the indefatiguable efforts of Major A. R. Venable the railroads have decided to give a special-excursion rate on Alliance-day to all members of the order. This will induce a great many to come who would not otherwise do so.

Assistant-Secretary Tyler, of the Virginia Agricultural and Mechanical Society, stated to a Disparch reporter yesterday that he was daily expecting the large lithograph hangers announcing the list of attractions at the coming Fair. These will be circulated throughout Virginia, and large crowds are expected to attend the exhibition.

The painting of the roofs to the buildings at the Exposition-Grounds is about completed and the work of whitewashing the walls, interior and exterior, is well under way. The race-course is now being put in first-class order, and when completed will be one of the best in the country. NOTES ABOUT THE FAIR.

After the Exposition.

A letter to the Disparch from Appomattox Courthouse gives the following particulars regarding the proposed exhibition at the Chicago World's Fair of the McLean house, in which the articles of surrender were signed:

"On the 21st of July last Mrs. Martha W. Ragland, widow of N. H. Ragland, Esq., who prior to the war and for some years after the war, was a prominent merchant of your city, sold to Mr. W. E. Dunlap, of New York, the McLean house, now known as the surrender house, in the village of Appomattox Courthouse, for \$10,000, and on the 14th of March, 1891, Mr. Dunlap sold one half interest in the surrender house to W. D. McLean. They have formed a syndicate, and now propose to remove the surrender house to Chicago, to be there recrected and used during the Exposition, and having, they think, given it a world-wide reputation, they expect to return it to Appomattox Courthouse and again erect it.

Another syndicate of gentlemen from Washington city have purchased the hotel at Appomattox Courthouse, all the property in the village that could be bought, several farms near the Courthouse, and all land from the village to Appomattox depot, some three miles distant. These purchases include the land upon which denerals the another syndicate of gentlemen from Washington city have purchased the property in the village that could be bought, several farms near the Courthouse, and all land from the village to Appomattox depot, some three miles distant. These purchases include the land upon which Generals Lee and Grant met, the head quarters of General Grant, the property upon which the last charge was made, etc. It is rumored that they propose to erect a grand hotel for the accommodation of visitors to the surrender-ground, and will also establish an encampment for the Grand Army of the Republic.

HENRICO DEMOCRATS.

The Nomination for the House to Be Made by the Primary Plan. A meeting of the Henrico County Demo

A meeting of the Henrico County Democratic Committee took place yesterday at the rooms of the Powhatan Club.

The Chairman stated that the committee had been called together for the purpose of stranging for the nomination for a candidate for the House of Delevates.

The committee decided that the nomination should be by primary election, to be held on the 1st day of October, and that candidates desiring to contest in said primary should notify the Chairman of the General Committee on or before the 25th of September.

On motion it was resolved that a committee of five be appointed by the Chairman, the Chairman being one of said committee, to be known as an executive committee, to be known as an executive committee, to be known as an executive committee to make all arrangements for the primary and do all other things necessary for the success of the Democratic party in the county during the recess of the General Committee.

J. F. Blackburn was assessed \$5 for assaulting and abusing Georgiana Crammer.

THE ELKS' PIC-NIC.

A Day Devoted to Dancing and Out-Door Amusements at Young's Pond.

Amusements at Young's Pond.

The pic-nic of the Eiks, which was held at Young's Pond yesterday, was largely attended. Among those present were Captain Epps, Harry Smith, George Epps, Robert Hill, Jr., Captain Angle, John J. Powell, Isadore Lovenstein, Marion Sullivan, George Kemp, Joseph Laube, and many others.

The day was most delightfully spent. There was music and dancing and speaking and out-door amusements in great abundance. Professor Stein's band discoursed sweetest strains throughout the day and added greatly to the festivities.

Important Business, But No Quorum.

In the absence of a quorum there was no meeting of the James-River Improvement Committee last evening. Those who were punctual and prepared for business were: Chairman Crenshaw and Messrs, Curtis, Christian, Seay, Hawes, Fergusson, and Captain Cunningham. One of the matters to have been discussed was the question of a suitable location for the United States monitors near Richmond. The committee will probably meet again one evening next week.

Marriage of Mr. Foushee and Miss Hall.

Mr. A. B. Foushee and Miss Bessie Hall
were married Wednesday evening at the
residence of Mrs. James Means, on Main
street, the Rev. E. Brundage, of Halifax,
officiating. Mr. George G. Young, of
Philadelphia, acted as best man.

The young couple were the recipients of
many useful and handsome presents. After
a short tour they will return and make their
home in Richmond.

Gathered on Capitol Hill.

Articles of incorporation of the Woodstock and Bessemer Company, Roanoke, Va., were filed in the office of the Scretary of the Commonwealth yesterday.

An amendment to the charter of the Young Men's Christian Association, of Petersburg, was also filed in the same office.

Mr. J. P. Martin, of Craig county, sergeant-at-arms of the House of Delegates, was at the Capitol on business yes.erday.

At State Democratic Headquarters.

State Democratic headquarters have been formally opened in this city and the campaign work of Mr. James R. Fisher, secretary of the committee, has commenced in earnest. Mr. Fisher is receiving a great many letters regarding the organization of the party in the State and says that all is working well.

ASSIST THE BOARD OF HEALTH, Special Meeting of this Body-Penite and Will Get It.

THE STREET COMMITTEE OFFERS TO

A called meeting of the Committee of Streets was held in the office of the City Engineer last evening. Major Capers, the chairman, and Messrs. Bahen, Brauer. H. L. and J. W. Carter, Curtis, Turpin, Thomas, and White, were present. The chairman stated that he had called the body together for the purpose of laying before the committee a proposition to offer to the Board of Health the hands offer to the Board of Health the hands and carts of the Street Department during the present condition of the city's health. He said that an ordinance governing this department allowed such action when it was asked in case of an emergency, but that he thought it would be both proper and courteous in the body to proffer such aid even without the asking.

Mr. J. W. Carter stated that the Chairman's views exactly coincided with his own, and he moved that the City Engineer be instructed to render any and every assistance possible to the board during the present state of affairs.

Mr. Curtis said he thought the Board of Health could get the funds necessary for cleaning the city without taking the hands and carts from their present work.

The CITY ENGINEER UPON THE QUESTION.

Colonel Cutshaw was called upon for his

Colonel Cutshaw was called upon for his fivews, and said he saw no more reason for tendering the board the street department's teams than for the fire department to offer its horses and trucks.

"We found the condition of things in the penitentiary bottom to be very bad," had said the City Engineer. "These are things that should have been remedied years ago. We could go and work in those private lots for six months. As I understand it, the Board of Health wants our teams to haul lime. Now I think the Board had better get the Council to make a small appropriation and allow it to hire carts outside the department."

WILL HIRE TEAMS ENOUGH. WILL HIRE TEAMS ENOUGH.

Dr. Oppenhimer, who was present, stated that he thought it due to himself that he should state he did not ask of the committee that they should contribute the mules and carts for the use of the Health Department, but that if it were done he would be very thankful, though if it were found impracticable he would hire more teams, anyway' for this purpose.

He said he had recommended certain measures for the improvement of the condition of certain sections in penitentiary bottom a year ago, and he wanted here to impress forcibly upon the committee the necessity of consideration—matured consideration of the Board of Health.

WILLING TO GIVE ANY ASSISTANCE.

WILLING TO GIVE ANY ASSISTANCE.

WILLING TO GIVE ANY ASSISTANCE.

Mr. H. L. Carter thought that in the present state of affairs the Street Department ought to be put on record as willing to do anything to remedy matters, especially such draining and cleaning as is necessary; that the committee should lend a helping hand.

"Leon" said Mr. Carter "that there is hand.
"I see," said Mr. Carter, "that there is a dereliction either on the part of the Committee or the Board of Health, and we want to get at the bottom of the trouble and remedy it."

"I want to say," said Dr. Oppenhimer,
"that the dereliction is on my own part,
but for the simple reason that I have not
sufficient help. I only have seven carts
and about fifteen hands to clean from First
street out to Richmond College."
Mr. Turpin; "Mr. Chairman, I would
like to ask Dr. Oppenhimer if he deems it
absolutely necessary to put these city
carts upon this work?"

earts upon this work?"

NOT ADSOLUTELY NECESSARY.

"I do not," said the President of the Board of Health, "and I would like to say that I am deeply appreciative of your prompt consideration of this question, and while I intend to put on all carts I deem necessary, I should have been very thankful had you tendered me the Street Department teams to do this cleaning at once."

The motion was adopted without discussion, whereupon Colonel Cutshaw told the President of the Board of Health to communicate with him by telephone whenever he should want any special work done. Dr. Oppenhimer stated that he had already employed extra carts but would add still more to his force and do all in his power to put the street in a cleanly condition immediately.

THE ALLEY TO BE OPENED. THE ALLEY TO BE OPENED.

[Chairman Capers then read a communication from the President of the Board of Health recommending the opening of the alley between Marshall and Clay and Hancock and Harrison streets, urging the matter as a health measure and in order to relieve himself of any responsibility for sickness if the work was not done. The committee referred the paper to the Council for action, placing the responsibility upon the Council if it does not pass the measure.

The meeting then adjourned.

THE PUBLIC SCHOOLS.

The Board See No Reason for Postponing Opening-Day.

A called meeting of the City School Board was held at the High-School building yesterday afternoon at 6 o'clock, at which were present Hon. J. Taylor Ellyson, Hon. J. C. Dickerson, Alonzo L. Phillips, T. Wiley Davis, James H. Capers, and J. Taylor Stratton, C. P. Rady, Clerk. The Chairman stated that the Board had been called to conter with the Board of Health.

been called to conter with the Board of Health.

Dr. W. T. Oppenhimer, President of the Board of Health, was present and gave the board all the information he had in regard to the present condition of the health of the city.

Dr. Oppenhimer stated that there are not over ten cases of diphtheria in the city to-day, and only one death during the past thirty-six hours. The Doctor was of the opinion that if the dry weather continues we could safely rely upon a steady decrease of the disease. He did not consider the condition now serious enough to justify the board in postponing the opening of the schools.

NO EKASON FOR POSTPONEMENT.

The board then decided that in view of

No reason for positionement.

The board then decided that in view of the above statement there does not appear at this time any reason why the schools should not be opened on the 15th instant, but the public may rest assured that the board will exercise the utmost care to do whatever may be best for the interests of the children of the public schools.

It was shown during the meeting that there are not as many cases of diphtheria within the city to-day as there were during the middle of the last session.

HE WOULDN'T LEAVE THE CITY And | Was Chused and shot at by Police man Hughes Yesterday Morning.

There was an exciting chase yesterday morning by Policeman Hughes, of the First district, after Sandy Williams, a white man, for whom he had a warrant. The officer finally captured his man, but before doing so shot at him two or three times to frighten him and cause him to stop.

Sandy was wanted by the police for having failed to comply with the conditions under which he was discharged from the Police Court several days ago. He was before this tribunal and was sent to jail in default of security. Lawyer Page went on his bond with the understanding that when he was released he should leave the city. He did not do so, and Mr. Page had him rearrested. him rearrested.

The officer while chasing Williams fell and hurt one of his knees quite badly.

**Mr. Edward Tate, better known in club (base-ball) circles as "Ned," assumed the responsible and precarious position of umpire when the game commenced and throughout was as thorough and able in his decisions as a judge of the Supremistic Court. He first appeared in a capacious citizen's suit of black, with a negligid shirt and cravat, but as he warmed up in his opinions he divested himself of the coat, then the cap, and last of the cravat. When the prospect of a ten-inning game glared like a demon in the face of the Old Dominions the spectators became exceedingly apprehensive of Edward's undress. It is not metamorphosis should transform him into a man bedecked as were should apprehensive of Edward's undress. It is not metamorphosis should transform him into a man bedecked as were should hasper's progenitors long years ago in old Africa. But though Ned was warm he umpired finely and another contest terminated without kicking.

SENSATION IN TENNESSEE SENATE.

Resolutions Adopted.

[By telegraph to the Dispatch.]

NASHVILLE, TENN., September 4.—"You re a ———"came the hot retort in the enate chamber this morning, and immeliately the Sergeant at Arms was called on o prevent a personal combat between two enators almost in front of the Chairman's tand. The gavel smote upon the marble lab, order was restored, and the two beigerents, Senators Alexander and Riley, after reflecting a little, were sorry that the cene had been created. Both made convessions and apologized to the Senate and o one another, like brave men, and made riends. The trouble arose in a debate over a resolution brought by Mr. Alexander providing that a reward be offered for the apprehension and conviction of Messrs. Irish, Ingraham, Merrill, and Hamaker, the committee from the insurgent miners of Briceville, on the ground that they had noticed lawlessness and rebellion against the authority of the State.

This exciting episode served to diver stention from the other proceedings of the session to some extent, and the House resolution appointing a committee to in-

for rejection, and when they secured its passage Speaker Myers and Hon. W. L. Ledgerwood scored a signal victory.

The only two bills that have passed a third reading in both houses and now only await the signatures of the Speakers and the Governor to become a law were turned out by the General Assembly yesterday. They are the bills attaching Sequatchie county, which was not attached to any district in the last congressional apportionment, to the Third congressional district, and that detaching Cumberland county from the Fith and attaching it to the Third judicial district. The Senate adjourned after the morning session till tomorrow morniog, but the House held both morning and atternoon sessions.

Mr. Burleigh failed to identify the gentleman, who proves to be George A. Charnock, of Boston, en roule to New Orleans with a large invoice of machinery. Mr. Burlough and Detective Connell beth state, however, that the resemblance is a most striking one, and sufficient to have justified the detention.

The Sultan Against Turkish Brigandage.
[By Anglo-American cable to the Dispatch.]
CONSTANTINOPLE. September 4.—It is stated upon good authority that the dismissal yesterday of the Turkish Ministry was due to the Sultan's discontent at the spread of brigandage in Turkey, the recent outrages upon foreigners committed by Turkish brigands, and the demand for indemnity for such outrages brought by the German and French Ambassadors, representing the Powers whose subjects have suffered by this lawlessness. The Sultan, it appears, complained of the inefficient measures taken by the Ministry to suppress brigandage, and it is understood that an energetic campaign will be opened immediately against brigands.

NOT THE REVEREND.

The death of Mr. William Grant, of Northampton county, a short time since was mentioned in the DISPATCH. I notice that your neighbor the Richmond Christian Advecate comes out with a beautiful and touching obituary notice of the death of Rev. William Grant, and pictures him at rest in the Celestial City. I will state that Rev. William Grant is in the best of health, and it is more "than probable and altogether to be desired that he may linger yet a little longer with his brethren here on earth. The Espiegle and Balmaceda's Silver.

[By Anglo-American cable to the Dispatch.]

LONDON, ENG., September 4.—The Times publishes a Valparaiso letter which says that the British war-ship Espiegle shipped Balmaceda's silver on orders from Mr. Kennedy, the British Minister at Santiago, after the leading banks and merchants had refused to purchase it on the ground that the transaction would be illegal. In an editorial the Times consures Minister Kennedy for not preserving an attitude of neutrality.

A CONFIBMED JAIL-BIRD

There are only three prisoners in the county jail, one of whom boasts that he has been a tenant of eighteen jails and station-houses, and that he has occupied several of them six times, and the only offence that he ever was committed for was fighting and being drunk and disorderly.

QUANKEY ALLIANCE PIC-NIC.

of More and Cheaper Money.

[Correspondence of the Richmond Dispatch.]

WELDON, N. C., Septomber 4.—A Farmers' Alliance pic-nic at Quankey to-day was well attended. They had the usual quantity of good things to satisfy the inner man and the orators of the day enlightened their brethren on the sub-Treasury bill and the great need of cheaper money and more money. The farmers of this county, however, are true and tried Democrats, and there were few, if any, expressions advocating a third party.

OTREB NOTES.

Mrs. T. N. White and children, of your city, who have been here on a visit, returned to Richmond to-day.

The weather continues favorable, and there is a marked improvement in crops. Cotton is beginning to open.

the author of the resolution which it was proposed to rescind, said the resolution was not aimed at the McKinley law. It would have applied alike to the old tariff law or to the Mills bill had it become a law. The resolution was entirely non-political; its object was merely to relieve foreign exhibitors of unjust burdens.

After a long discussion the resolution for the appointment of a committee was reconsidered by a vote 32 yeas to 23 nays, and it was referred to the Commistee on Legislation, after Commissioner Walker, of Connecticut, had made a speech deprecating the political turn which the matter had taken in the public press and in the commission. He declared that no politics was thought of when the resolution was passed, and said that when the Democratic got ready to fight the McKinley law they would do it openly, not under cover of an insignificant resolution.

A resolution pledging the commission to take up and consider the Sunday-closing question as soon as it should properly come before the body was unanimously passed. The last excursion of the season to Niagara Falls will leave Washington at 8:10 A. M. on September 7th.

Richmond passengers can leave by any train of the Richmond, Fredericksburg and Potomac railroad September 6th and can arrange in advance for accommodations on the special train of parlor cars and day coaches starting from Washington on the 7th.

The rate from Richmond for the round trip is only \$14. This affords an opportunity to see one of the world's greatest wonders as well as the famous lake region of New York at low cost. The tickets will be good to return until September 17th, and permit stop off at Watkins and Rochester, and also to return via Buffalo. ESTIMATED EXCESS OF EXPENSES.

The Auditing Committee presented its report, showing an estimated excess of expenses by the commission for the year ending July 1st next over the appropriation of \$23,000. In order to avoid this the committee recommended that the April meeting of the commission be postponed till July; that the pay-roll of the Director-General be reduced by \$3,000, and that the salaries of \$5,000 each of the president of the commission and the vice-chairman of the Executive Committee be discontinued after October 1st. Vice-Chairman McKenzie, of Kentucky, said that the report seemed to be aimed at him; it appeared that there was a conspiracy to eliminate him from the commission. This was unnecessary, as, in his own good time, he would eliminate himself. The whole trouble was that he had retused to sanction a report of the Finance Committee which he had not an opportunity to see. The report was referred to the Committee on By-Laws, and the com-
